ART. NO: 0-6-37900-98

A newly developed nitrile film offers greater strength and superior chemical resistance. Sets new standards for mechanical performance, with unrivalled abrasion resistance and puncture resistance almost twice that of the current leading nitrile. Out-performs all existing nitriles in permeation tests. 100% sampling testing: every glove is individually subjected to a leak-proof test and checked for defects before dispatch.

Guaranteed product quality means gloves can be used with complete confidence in dangerous situations.
