## Bi-material straight grip wrench - Kennedy

- Rolled chrome vanadium steel bodies
- Drop-forged hardened steel jaws with corrosion-resistant bright nickel coating
- The dual material handle design allows the user to apply the greatest force with the minimum amount of effort
- The jaw opening and clamping pressure can be adjusted with the knurled head screw, fitted with wire spring to endure efficient opening of the jaws
- The locking mechanism holds the wrench in place once adjusted, leaving both hands free
- Jaw style: straight
